Reminders Regarding Camp Employment

A student-athlete may be employed in a camp or clinic as a counselor by their institution, another institution or a private organization. Recruits who have signed a valid NLI, or valid Acceptance of Admission form, may also be employed at their institutions camps. Both, recruits who have signed & student-athlete’s, must meet the following requirements:

• They must perform duties that are of a general supervisory character in addition to any coaching or officiating assignments;
• Compensation must be commensurate with the going rate for camp or clinic counselors, and not based on athletic reputation or status; and
• A student-athlete who only lectures or demonstrates at a camp/clinic may not receive compensation.

Sports Clubs & Camp Reminders

Be sure to have all necessary local sports clubs forms and rosters, camp forms, including advertisements, fliers, websites and brochures approved in advance by Compliance prior to sending them out.

Bylaw Review

With classes ending and finals approaching, some of your SA’s may want to get extra practices in when they have no finals scheduled. If you’re team is out of season this is not permissible as we see below Bylaw 17.1.7.2 states:

“All Countable related activities outside the playing season are prohibited one week prior to the beginning of the final examination period for the applicable term through the conclusion of each SA’s final exams”

Spot the Violation

The Women’s Basketball team just received iPad’s for participating in the NCAA Tournament. One of the student-athletes already has an iPad, and decides to sell it to her friend who needs an iPad for $200.00.

Answer on next page.
Involvement of Strength Coach:

Voluntary Summer Activities*
Strength and conditioning coaches may design and conduct specific workout programs for student-athletes, provided such workouts are voluntary and conducted at the request of the student-athlete.

- Conditioning drills may simulate game activities; provided no offensive or defensive alignments are set up and no equipment related to the sport is used.
- Indoor/Outdoor Track & Field and Cross Country – Conditioning activities (other than weight training) are limited to normal running activities and may not include any equipment related to the sport (e.g., starting blocks, batons, hurdles).

*Does not apply to basketball and football summer access activities.

Other Voluntary Activities
- Please remember that in order for an activity or workout to be considered “voluntary,” it must meet ALL of the following parameters:
  1. Coaching staff may not be present
  2. Anyone present (strength and conditioning personnel, student-athlete(s), etc.) may not report any information regarding the activity to anyone on the coaching staff;
  3. The activity would need to have been initiated and requested solely by the student-athlete(s);
  4. The student-athlete(s) attendance and participation may not be recorded for the purposes of reporting; and
  5. The student-athlete(s) may not be subject to penalty for not participating, nor rewarded for participation or performance.

- Please remember that voluntary workout/activities should not be posted to any social media platform (Facebook, Twitter, etc.)

Spot the Violation Answer:

Student-Athletes may not sell, or exchange for another item of value, any item received for athletics participation.

Don’t Sell Out!
With many athletics seasons already over and several others wrapping up, please remind your student-athlete’s, they are not permitted to sell or trade any apparel, gift, award, and/or equipment for any amount of money, item of value or service.

Also, be sure to check that all end of the year awards are within the NCAA allotted limit.
